Att: Gena Rotstein
Dexterity Consulting Inc.
#201, 3505 – 14th St. SW
Calgary, AB T2T 3W2

Dear Gena,

On behalf of the Board of Directors and all those involved with Dentistry for All, thank you for your guidance and support as we move our organization to its next stage of development.

DFA is a non-profit, 100% volunteer-run and supported organization whose members are dedicated to providing dental education, preventative, surgical and restorative care to the poor in numerous developing communities around the world. All dental volunteers cover the cost of their own travel, fundraising assists in purchase of necessary equipment and supplies, volunteer sponsorships and other expenses related to the trip.

In the summer of 2010, we hired Dexterity Consulting in order to develop our board governance processes and further us along in our strategic planning. Together, over the course of three working meetings, we established “good governance” protocols and our own governance structure. In addition, we set priorities for our board to keep moving us in the direction of providing sustainable services in the community that our dental clinics operate.

Working with Dexterity Consulting (and Gena Rotstein) has been a real pleasure. Your professionalism and tremendous experience with the charitable sector provided us with the knowledge necessary to come up with and implement the steps necessary to improve our organization’s capabilities.

I highly recommend to any person or organization that is in need of philanthropic advisory services to seek out Dexterity Consulting for comprehensive and in-depth advice.

Gena, thank you for all your help. By working with you, we have accomplished our set goals of developing our board and moving our organization forward.

We look forward to working with Gena again in the near future.

Sincerely,

Brad Krusky
